

YouMedia Lab at Palm Springs Public Library This Summer!

This summer, starting in May, your neighborhood public library will have a Technology Lab for teens to create their own projects. Would you like to create music, learn how to do podcasts, and more? The following equipment will be available for you to geek out with your friends:

- Four Mac computers equipped with Adobe Creative Suite
- Four 1 TB USB Hard-Drives
- One Digital Camera
- One 61-Key Keyboard
- Three 25-Key Keyboards
- One Guitar
- Three iPads with boxes
- One Wacom Graphic Drawing Tablet
- One USB Microphone
- Four Sets of Headphones
- One "Spark Education" Pack
- One "Little Bits Synth" Kit
- One "Little Bits Code" Kit
- One "Hands-On Stem Learning" Kit
- One "Gizmos and Gadgets" Kit

We are looking for volunteers to serve as Peer Mentors. As a volunteer for the Lab, you will be able to gain documented service hours and letters of recommendation for scholarship and school applications. Peer Mentor Orientation will be scheduled for May. Check website for date.

Attendees interested in attending to try out the equipment for personal projects, check website for June and July Teen Technology Lab Hours.

Library webpage: www.vpslibrary.org or Village of Palm Springs website: www.vpsfl.org

In the meantime, if you have any questions, please e-mail Suvi Manner, Library Director, at smanner@vpslibrary.net.

We are also looking for Technology teachers to collaborate with this program. It would be great if they could either provide extra credit for students who volunteer and/ or advise on projects they would like to see done at the lab.
